

Instructions for Piloting the Opportunity Scoping Tool

Objective: To define & evaluate SMART indicators for your Micro-Credential Strategy

1

Preparation

Set up (where no similar structure is in place) an advisory committee composed of accountable persons and representatives of groups of persons who have a stake in designing, implementing, and evaluating a successful strategy.

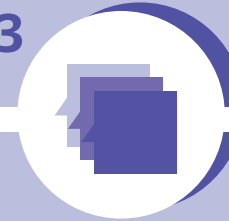

2

Piloting the Tool

Collaboratively discuss and fill in the questions of the Opportunity Scoping Tool in workshop/s with the advisory committee.

3

A SMART Strategy

Compile feedback in the form of SMART (Specific, Measurable, Achievable, Relevant and Time-bound) indicators into the Strategy which will be re-evaluated at structured intervals with the advisory committee.

Tool developed within the scope of the project:
